

# **Anastasija - Hard To Be Me**

## Verse 1

I'm not sure if the pain will ever stop

No family, no friends; only a fake social net

I'm surrounded by frauds; my life's a massive flop

Only ignorance and indifference come from the people I met

## Pre-Chorus

Hello, hello, please hear me, I'm alone

I'm screaming in my soul; please help me not to drown

## Chorus

It's hard to be me

No one understands my pain

It's hard to be me

I was never truly loved

It's hard to be me, it's hard

It's hard to be me, it's hard

## Verse 2

I am too sensitive; can't stand people's hate

They pretend to care but that's a lie; they only want to pry

It's so easy to hide beneath your mask and pride

But be yourself and tell the truth, look me in the eye

## Pre-Chorus

Hello, hello, please hear me, I'm alone  
I'm screaming in my soul; please help me not to drown

### Chorus

It's hard to be me  
No one understands my pain  
It's hard to be me  
I was never truly loved  
It's hard to be me, it's hard  
It's hard to be me, it's hard

### Bridge

The naked truth is never pretty  
But let it all go; don't feel any pity  
don't feel any pity 2x

### Chorus

It's hard to be me  
No one understands my pain  
It's hard to be me  
I was never truly loved  
It's hard to be me, it's hard  
It's hard to be me, it's hard

### Pre-Chorus

Hello, hello, please hear me, I'm alone  
I'm screaming in my soul; please help me not to drown
