

DADDY – ANASTASIJA

VERSE 1:

I remember the time
When we traveled alone in our car
We were happy then
We were laughing a lot, sitting under the stars

PRE-CHORUS:

Why did you change one day?
You abandoned me, you stayed away
Another family called your name
And I was but an obstacle in your way

CHORUS:

Daddy why don't you care?
Why don't you love me? No matter what I do
You never text or call me
You never cheer me up when I'm blue
I miss you so much
I do all I can to gain respect from you
I fight alone in this world
But I'll prove I deserve to be loved

VERSE 2:

You chastised me many times
About stupid mistakes I have made
I didn't listen to you
I paid with my blood but now I'm born anew

PRE-CHORUS:

Why did you change one day?
You abandoned me, you stayed away
Another family called your name
And I was but an obstacle in your way

CHORUS:

Daddy why don't you care?
Why don't you love me? No matter what I do
You never text or call me
You never cheer me up when I'm blue
I miss you so much
I do all I can to gain respect from you
I fight alone in this world
But I'll prove I deserve to be loved

I deserve to be loved

Daddy why don't you care?
