

PROPHECY / I CAN SEE THE END – ANASTASIJA

Hey eeey, hey eeey, hey eeey, hey eeey

VERSE 1:

**When I met you
It was love at first sight
And I thought
We'd be together for all time
But then I heard
A prophecy from a Gypsy
She said: forget him
This love wasn't meant to be**

PRE-CHORUS:

**I hoped it was a lie (lie)
Thought we'd never say goodbye (bye)
This prophecy was right (right)
My tears will never dry (dry)**

CHORUS:

**The cruel truth burns my heart
I can't stop it, it falls apart
Destination reached, my blood dried
The prophecy happened and there's no one to chide
Ohh, I can see the end
Ohh, I can see the end
Ohh, I can see the end
Ohh, I can see the end**

VERSE 2:

**I loved you more than life
Didn't want to see the truth
You were the air I breathed so
I gave you all my youth
But suddenly you
Decided that you didn't need me
So the prophecy found
Its way to make me flee**

PRE-CHORUS:

I hoped it was a lie (lie)
Thought we'd never say goodbye (bye)
This prophecy was right (right)
My tears will never dry (dry)

CHORUS:

The cruel truth burns my heart
I can't stop it, it falls apart
Destination reached, my blood dried
The prophecy happened and there's no one to chide
Ohh, I can see the end
Ohh, I can see the end
Ohh, I can see the end
Ohh, I can see the end

PRE-CHORUS:

I hoped it was a lie (lie)
Thought we'd never say goodbye (bye)
This prophecy was right (right)
My tears will never dry (dry)

CHORUS:

The cruel truth burns my heart
I can't stop it, it falls apart
Destination reached, my blood dried
The prophecy happened and there's no one to chide
Ohh, I can see the end
Ohh, I can see the end
Ohh, I can see the end
Ohh, I can see the end
