REGGAE:

No matter what I keep my life
I love my style the shit I drive
I push away the haters, ignorance, bullying, slaters
It happened many times to me
The door was slammed in front of me
My tracks were trashed, rejected, thrown
But fuck it, 'cause I will never stop!
I felt invisible in here
Like I should simply disappear
But Bandhub must become a home
A shelter saving from a storm
So let's become a little better
And share community together!

Oh ohhh oh ohhh let's share community together!
Ohhh Ohhh Ohhh Ohh
Bandhub Bandhub Ohhh
